During Coffee County Commission meeting

County engineer says 28.76 miles of county roadways projected to be resurfaced in FY23

by Linda Hodge, Editor

During the Coffee County Commission meeting held Monday, March 27, county engineer Marty Lentz provided commissioners with a summary of the resurfacing projects slated for 2023.

Thanks in part to extra resurfacing funds the county has been awarded for this fiscal year, Lentz said there would be more resurfacing completed than normal. He said there are 10 roads slated for resurfacing covering 28.76 miles of county roads.

"It is going to be a busy resurfacing summer," Lentz said.

The estimated cost for these resurfacing projects is \$5,235,225 or \$184,283 per mile to resurface a two-lane county road. Lentz said the cost of roadway work has really escalated.

Already completed on the projects list is 4.41 miles

of roadway on County Rd. 239 [from County Rd. 248 northeast to Alabama Hwy. 167] in District One.

Additional resurfacing projects planned for Fiscal Year 2023 include:

- 1.63 miles on County Road 105 [from County Rd. 114 east to County Rd. 107] in District Two;

- 8.96 miles on County Rd. 636 [from County Rd. 625 east to Alabama Hwy. 27] in Districts Three and Four;

- 1.01 miles on County Rd. 266 [from Alabama Hwy. 51 east to Alabama Hwy. 167] in District Seven;

- 3.36 miles on County Rd. 157 [from Alabama Hwy. 167 east to County Rd. 156] in Districts Six and Seven;

- 0.37 mile on County Rd. 502 [from U.S. Hwy. 84 east to a Dead End] in District Five;

- 1.94 miles on County Rd. 719 [from County Rd. 708 west to Alabama Hwy. 167] in District Four;

- 2.97 miles on County Rd. 450 [from Alabama Hwy. 134 west to Alabama Hwy. 87] in District Three;

- 1.37 miles on County Rd. 346 [from County Rd. 330 south to County Rd. 349] in District One; and

- 2.74 miles on County Rd. 239 [from County Rd. 249 east to County Rd. 248] in District One.

"I want to thank Marty's staff, for Senator Jimmy Holley, and others for looking into and searching for every highway dollar we could get this year," Commission Chairman Dean Smith said. "It is one of those years where we got more funds than usual."

Elba tours set for two Saturdays - April 15th & 22nd

Alabama's Tourism Department hosting April Walking Tours in 25 Alabama towns

Almost 25 Alabama towns are open to explore on Saturday mornings in April during Alabama Tourism Department's 20th annual April Walking Tours.

New this year from the previous years is each town has selected the Saturday mornings they will be hosting.

Community leaders will guide the free tours through historical areas that display art and culture. The tours will start at 10 a.m. on the specific Saturday mornings chosen by the participating cities. In the case of rain, tours will be canceled since they occur outdoors.

Elba will host tours Saturdays, April 15 and 22 only. The Elba tours will begin from the Elba Chamber of Commerce office, which is currently located on Factory Avenue next to Blessed Nutrition.

"The April Walking Tours were created for Alabamians to see and learn about their beautiful state," said Sandy Williams, director of the Elba Chamber of Commerce. "Alabama is the only state in the nation to have statewide walking tours. Participating in these walking tours is a great way to learn more about our cities that are full of history and culture."

Towns and starting places for the April Walking Tours are: Athens-Limestone Co. (Athens-Limestone Visitors Center), Bayou La Batre (Mariner Park), Birmingham (Birmingham Civil Rights Institute), Courtland (Courtland Heritage Museum), Cullman (Cullman

Co. Museum), Decatur (Old State Bank), Elba (Chamber of Commerce), Enterprise (The Rawls), Fairhope (Fairhope Welcome Center), Florence (various locations), Foley (Foley Welcome Center), Huntsville (Alabama Constitution Hall Park), Leeds (Leeds Jane Culbreth Library), Madison (Madison Little Roadhouse on), Mobile (Visit Mobile Welcome Center), Monroeville (Monroe Co. Museum), Montgomery (Montgomery Visitor Center), Mooresville (Historic Post Office), Pell City (City Hall), Prattville (Prattville Museum), Selma (Selma-Dallas Co. Public Library), Sheffield (Sheffield City Hall), Springville (Springville Museum), Tuscumbia (Cold Water Books). Since the beginning of the walking tours in 2003, over 36,000 people have participated, and the tours keep growing in popularity each year. More information about the April Walking Tours is available from the participating cities and from the Alabama Tourism Department.

Elba senior Ava Staver, standing in the back with band director Shaun Hammonds, was recognized March 21st during the Elba BOE meeting for her many band-related accomplishments. Hammonds said Staver is a great musician. Elba High band student receives special recognition at BOE meeting

by Linda Hodge, Editor

Elba High School band student and senior Ava Staver received special recognition during the Tuesday, March 21, Elba Board of Education meeting.

Superintendent Chris Moseley said Staver came to Elba City Schools during her ninth grade year.

"She came here mainly for music and our band program," Moseley said. "During her time at Elba, Ava has really proven herself in what she had done with her musical talents. We certainly did not want an accomplishment like hers to go unnoticed."

Over the past four years, Moseley said Staver had

made All-State Band and District Band each year. He also said she had made Top Band at Troy University for one year, along with the participating in programs at Auburn University and making the Florida State University Tri-State Band one year.

Elba band director Shaun Hammonds said he remembers when Staver showed up during her Freshman year. He said Elba was headed to a playoff football game that week, and he put her on the bus to travel with the band that Friday night.

Auburn's Sonic Nation to perform concert April 21st at Elba Theatre

Sonic Nation, Auburn University's commercial music ensemble, will perform a free concert Friday, April 21, at 7 p.m., at the historic Elba Theatre, located on the square in downtown Elba [231 Court Street]. Doors will open at 6:30 p.m.

The Elba Electrics, Elba High School's choral group, will open the concert with audience and student favorites, followed by a full concert of popular music from commercial music majors and others who make up Sonic Nation.

around Auburn as a must-see act.

Kristopher Whitehurst, a 2019 graduate of Elba High School, is a senior studying commercial music percussion and serves as the ensemble's drummer.

"My time in Sonic Nation has been a wonderful experience, and I have been blessed with many opportunities while at Auburn," Whitehurst said. "I hope everyone in Elba and Coffee County will come out to enjoy the concert!"

The concert is free, but attendees are encouraged to provide a \$5 donation at the concert to assist with future renovations of the historic Elba Theatre. The concert is co-sponsored by Restoration 154 Inc. and the Caroline Marshall Draughon Center for the Arts & Humanities in the College of Liberal Arts at Auburn University.

For more information on Sonic Nation, contact Jilla Webb at jilla.a.webb@auburn.edu.

The new mural, measuring 16 x 7 feet, will be drawn by Professor Wendy Deschene this summer and painted during the fall semester by undergraduate art students at Auburn University. The community is invited to attend the meeting and participate in the planning process. The mural will be located in the library's meeting room.

During the meeting, attendees will have the opportunity to discuss the project and share ideas for what the mural should convey for the city of Elba. Participants are encouraged to consider themes, historic figures or events, symbols, colors, images, and stories they want to be featured in the mural. Images from archives or personal collections are also welcome.

To view murals from past projects, visit <https://www.wendydeschene.ca/murals>.

For more information about the meeting or the mural project, contact the Elba Public Library at 334-897-6921.

“It is better to offer no excuse than a bad one.” – George Washington

Two U.S. Army Black Hawk helicopters crashed last Wednesday night during a training mission in southwestern Kentucky. We shuttered at the news of this crash. Many years ago we were involved in just this type night training, but in Oklahoma and later Europe. Our only notable incident that night was releasing a load of infantry troops right in a grazing herd of buffalo. They were not there earlier in the day when the war games were being planned! The platoon members were not too happy about that but they managed to get out of that mess without anyone getting gored by the buffalo! Those animals were probably as shocked as the soldiers when this big helicopter disrupted their peaceful grazing.

Another school shooting. This one in Tennessee. We are impressed with the rapid and efficient police reaction to the school shooting in Memphis last Wednesday. Somehow we can't gloat over the death of the shooter, but know it was the right response by the law enforcement officials. While we salute them for their professional response, we are prayerfully thankful that it was not yours truly that had to make that split second decision to neutralize the shooter.

State-of-the-art cell phones are being dumped and older “dumber” phones of yesteryear are experiencing a resurgence among teenagers! They are rebelling against the screentime habits that smartphones have created. We don't know if this will last but it is probably a good sign for society. Rather than friends collecting at the local coffee or malt shop, and each promptly whipping out their smart phone and spending their social gathering in the world of cyberspace, they can again just sit, laugh and talk with each other.

The indictment of Donald Trump is a first for the United States. We sit back and watch some celebrate, while others slam the justice system. The political types are just as divided as the general public is torn apart. Some applaud the action, some charge witch-hunts but there is another group that is trying to ‘duck’ the fallout by saying nothing or taking a political position of, “Some of my friends are for it and some of my friends are against it and I am with my friends!”

All the national news outlets are dominated with Donald Trump this week as he travels to New York to answer the indictment issued there. It is just an indication of what the future holds, we are in for a long siege of ‘breaking news’ as there are ongoing Trump investigations about the January riot in Washington, Georgia election vote count, and classified documents at his Florida home. Any one of those would take up most of the daily news if they progress past “investigating”.

Be safe, wear your mask when appropriate, social distance, wash your hands AND get the shot(s) and/or boosters (the newest one)!

Cuzin Lou Lou's
Tales from Yonder

Editor's Note: Cuzin Lou Lou's tales are to be enjoyed as a light-hearted form of Southern expression

Sister has been gloating this week after she managed to outscore Cuzin Lou Lou in a bowling match last weekend!

The two made the trek to the bowling alley with some of their Yonder Gang kin – Cuzin B, his wife, and their three little reds. It is always an adventure when this group gets together to have fun.

The bowling started off pretty much as Lou Lou expected. She and Cuzin B were in a battle for the ‘top spot’ but his bride had other plans as she vaulted past both of them to take game one. Only two of the little reds are of age to be able to bowl, and both of them had a blast chunking that ball down the alley.

Meanwhile the littlest of the reds was enjoying people watching, chewing on his tongue, and spitting up on Lou Lou multiple times following his bottle treat! He left almost no

spot untouched on Lou Lou's clothing...and the wet wipes came in real handy that afternoon!

Then, there was Sister doing her Sister-thing. Of course, she will not even hear of ‘renting’ shoes at the bowling alley, so she comes equipped with her own pair for the game. Lou Lou had to purchase those several years ago in order to get Sister to even consider going to the bowling alley. This was maybe the third time Sister had used said shoes since their purchase.

If you've never gone bowling or to play putt-putt golf with Sister...well, it is quite the experience!

While Lou Lou examines each of her shots closely before she makes a move [trying for the best possible outcome], Sister simply walks up to the point of release and let's that ball rip. Same goes for the golf club in putt-putt. She walks up to the ball and slings that club letting the ball land wherever it may.

Game One of last weekend's bowling match was true to Sister sporting fashion and her score showed it as she came in last place! Game Two, however, something unusual happened.

Lou Lou lost her focus/ touch/something and she could not get a good roll no matter how hard she tried. The end result was a loss to Sister!

All Lou Lou could say was, “I have no idea what in the name of Yonder just happened!”

As for Sister, she loved every second of her ‘win’ over Lou Lou even though they were last and next-to-last in the standings. All that mattered to Sister was she, for once, got the upper hand on the very competitive Lou Lou.

Oh well...Lou Lou guesses those shoes finally paid for themselves for Sister, and maybe now she will be more willing to return to the alley sooner rather than later.

Until next time...God Bless, Keep Smiling and Happy Easter to all! We rejoice in knowing, He Is Risen!!

Governor announces February unemployment rate ties record low

Governor Kay Ivey announced recently that Alabama's preliminary, seasonally adjusted February unemployment rate is 2.5%, tying the all-time record low, down from January 2023's rate of 2.6%, and below February 2022's rate of 2.6%. February 2023's rate represents 56,221 unemployed persons, a new record low, compared to 58,392 in January 2023 and 58,943 in February of 2022.

"Once again, we've hit a record low unemployment rate," said Governor Ivey. "While it may seem like we break these records month after month, we know that even with record low unemployment, we still have a duty to provide good, quality jobs to every Alabamian who wants one. I'm proud of our economic successes and reaffirm my commitment to continue to work to make this state the best place to live, work and raise a family."

Wage and salary employment, totaling 2,133,500 in February, increased 15,900 over the month. Monthly gains were seen in the professional and business services sector (+3,800), the government sector (+3,500), the leisure and hospitality sector (+3,400), the private education and health services sector (+3,200), the manufacturing sector (+1,100), the construction sector (+700) and the information sector (+300), among others.

Wage and salary employment increased 43,900 over the year, with annual gains seen in the private education and health services sector (+8,600), the manufacturing sector (+8,200), the government sector (+7,600), the professional and business services sector (+7,300), the leisure and hospitality sector (+4,900), the other services sector (+3,600), the construction sector (+3,400), the information sector (+900) and the financial activities sector (+800), with the other services sector setting an all-time record high jobs count.

"Job growth of nearly 44,000 over the year

Elba proclaims April as Child Abuse Awareness Month

During the Elba City Council meeting held Monday evening, March 27, city officials approved a Proclamation recognizing the month of April as National Child Abuse Prevention Month. The proclamation read as shown below:

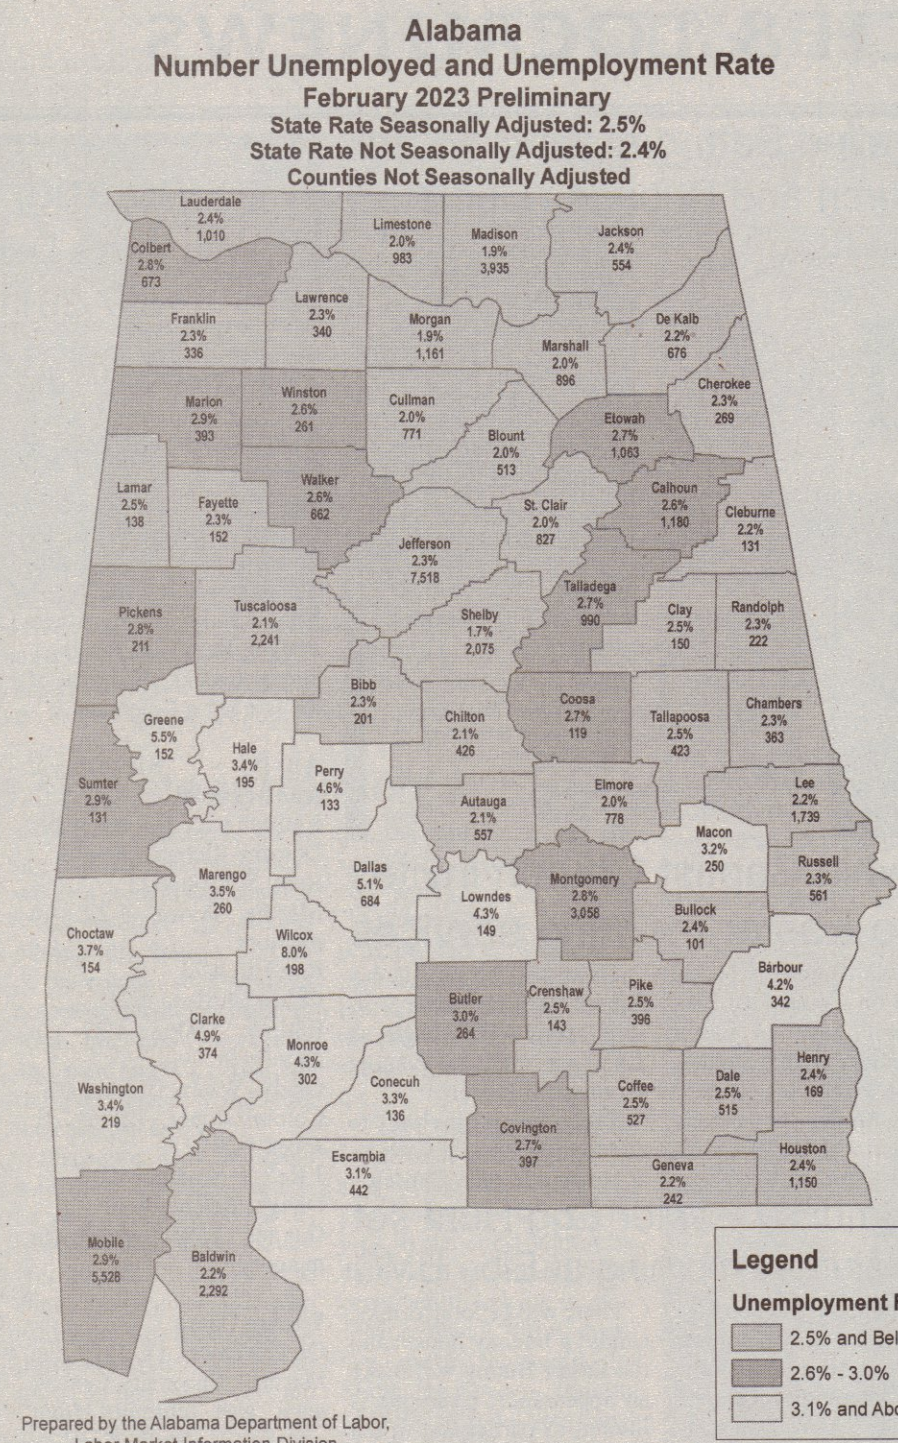

WHEREAS, in Federal fiscal year 2021, 3.9 million reports were made to child protective services; and

WHEREAS, child abuse and neglect is a serious problem affecting every segment of our community, and finding solutions requires input and action from everyone; and

WHEREAS, our children are our most valuable resources and will shape the future of the City of Elba, Alabama; and

WHEREAS, child abuse can have long-term psychological, emotional, and physical effects that have lasting consequences for victims of abuse; and

WHEREAS, protective factors are conditions that reduce or eliminate risk and promote the social, emotion-

is definitely something to be proud of," said Alabama Department of Labor Secretary Fitzgerald Washington. "We know that employers still have jobs that need to be filled, and we're working to match those employers with those jobseekers. Our Career Center System has so many tools to help everyone succeed - I would definitely recommend visiting your local center if you need any assistance."

Counties with the lowest unemployment rates are: Shelby County at 1.7%, Morgan County and Madison County

at 1.9%, and St. Clair County, Marshall County, Limestone County, Elmore County, Cullman County and Blount County at 2.0%.

Counties with the highest unemployment rates are: Wilcox County at 8.0%, Greene County at 5.5% and Dallas County at 5.1%.

Major cities with the lowest unemployment rates are: Homewood and Madison at 1.5%, Trussville and Vestavia Hills at 1.6%, and Alabaster, Hoover and Northport at 1.7%.

Major cities with the highest unemployment rates are: Selma at 6.5%, Prichard at 4.3% and Bessemer at 3.8%.

PREVENTION MONTH in the City of Elba and urge all citizens to recognize this month by dedicating ourselves to the task of improving the quality of life for all children and families.

Also, council members voted to approve the purchase of 'firefighting equipment' for the Elba Volunteer Fire Department. Low bidder was Sunbelt Fire in the amount of \$62,181.08.

Grief Without Guilt: It's Not Your Fault

Grief carries with it a multitude of conflicting emotions. One of the most overpowering is the feeling of guilt. Those who have lost a loved one often find themselves struggling with the idea that their loss is somehow their own fault - that there's something they could have said or done to prevent their loved one from dying.

Sometimes, feelings of grief can be situated in something real. All of us make mistakes, and we can say or do things that hurt the people we love. The feelings of guilt you experience during the mourning process may stem from a memory of mistakes you made in the past.

Just as often, though, feelings of guilt are less rational. As you grieve, you may talk yourself into the notion that you could have been there for your loved one or could have helped them receive a different kind of medical care. The bottom line is guilt and grief go hand in hand - but what can you do about it?

The first step is simply acknowledging the way you feel; guilt is an emotion, and the best way to handle any emotion is to first validate it. Consider what your guilt is really about. Reflect on the idea that we all crave order, and your guilt may simply be a subconscious way to make some sense of your loved one's death. Find someone you can talk to about your feelings of guilt; this may be a close friend or it may be a therapist.

As you think, talk, and process, work your way toward a place of self-forgiveness. If your guilt is irrational, you will hopefully have people in your life who will tell you so, encouraging you to move on. And if it's based in something real, you can seek a place where you either make amends or discover a new perspective - learning and growing from your painful experience.

sioners approved his request to purchase a one-ton flat-bed truck with a crew cab from the state surplus at a cost of \$31,000. Lentz said it has been discussed to add an additional litter pickup crew to the highway department, and in order to equip that crew, he said he need to purchase the truck.

The truck approved for purchase is a 2015 model.

Commissioner Smith issued a plea to the county's citizens to not throw their trash out vehicle windows onto the sides of roads.

"I don't think the public realizes just how littered our roads are...litter is all over the county, and a lot of it is window trash," Smith said. "I just want to plead with the citizens to have pride in our county and not throw their trash out. Clean up, and throw your trash into trash cans, not onto our roadways."

Also, upon recommendation of the county engineer, commissioners approved a proposal in the amount of \$30,563.48 from RHC Inc. of Albany, Ga. to replace

floor drains at the county jail. He said the kitchen has been experiencing drain issues.

Commissioners reappointed three individuals to continue serving on the SARCOA Board. Those reappointed for new terms were William Cooper, Margaret Calhoun, and Rod Morgan.

The next Coffee County Commission meeting will be Monday, April 10, at 9 a.m., in New Brockton, Ala.

The Tomb Was Empty

I found this illustration many years ago and it is all that needs to be said this week!

"Little Philip, born with Down's Syndrome, attended a third-grade Sunday School class with several eight-year-old boys and girls. Typical of that age, the children did not readily accept Philip with his differences, according to an article in Leadership magazine. But because of a creative teacher, they began to care about Philip and accept him as part of the group, though not fully.

The Sunday after Easter the teacher brought Legos pantyhose containers, the kind that look like large eggs. Each receiving one, the children were told to go outside on that lovely spring day, find some symbol for new life, and put it in the egg-like container. Back in the classroom, they would share their new-life symbols, opening the containers one by one in surprise fashion.

After running about the church property in wild confusion, the students returned to the classroom and placed the containers on the table. Surrounded by the children, the teacher began to open them one by one. After each one, whether flower, butterfly, or leaf, the class would ooh and ahh. Then one was opened, revealing nothing inside. The children exclaimed, "That's stupid. That's not fair. Somebody didn't do their assignment."

Philip spoke up, "That's mine."

"Philip, you don't ever do things right!" the students retorted. "There's nothing there!"

"I did so do it," Philip insisted. "I did do it. It's empty. The tomb was empty!"

Silence followed. From then on Philip became a full member of the class.

He died not long afterward from an infection most normal children would have shrugged off. At the funeral this class of eight-year-olds marched up to the altar not with flowers, but with their Sunday school teacher, each to lay on it an empty pantyhose egg."

He is not here; he has risen, just as he said. Come and see the place where he lay. (Matthew 28:6)

May the empty tomb make all the difference in your life!

We Are David

On November 14, 1970, the Marshall University football team was returning from a game in North Carolina to the Marshall campus in Huntington, West Virginia. The charter plane they were on crashed, killing all 75 individuals on board. Those who perished included 37 players, head coach Rick Tolley, members of his coaching staff, the school's athletic director, and 25 athletic boosters.

In 2006, a movie was made to tell the story of that team and that tragedy. It's title was brief but compelling: We Are Marshall.

In a sense all Christians can say: "We are David." True, few of us have had any experience watching sheep or fighting wild animals in defense of sheep. But what the Lord said to David in I Samuel 7: 8,9 could be applied to His treatment of any of us. God took us from

what we were (lost, sinful) and made us part of His family. We did nothing to deserve such a status; what we deserved was condemnation. But Jesus, who had done nothing to deserve death, gave His life for us at the cross.

Paul states the contrast first by 'describing humanity's sorry status: "dead in trespasses and sins...fulfilling the desires of the flesh and of the mind" [Ephesians 2: 1,3]. The comes the welcome remedy: "But God, who is rich in mercy...hath quickened us together with Christ" [2: 4,5]. This is the same mercy that took David from the humble task of watching sheep to become Israel's greatest King and the recipient of a very special covenant indeed. While few of us have had any experience watching sheep, we have all had experience acting like sheep by "going astray" [1 Peter 2: 25]. And we have all been rescued by the Good Shepherd. — Standard Publishing, Part of the David C Cook Family

Students in ESCC's first Skid Steer class receive a certificate for their completed training. Pictured, in order by last name, are James DeVasure, Howard Drew, ESCC President Danny Long, Willie Mason, Charles Newman, Preston Powell, ESCC Director of Workforce Development Leigh Shiver, Robert Thoms, Dakota Wicker, Instructor Tim Williams and Danny Wright.

Eight complete skid steer training at ESCC

On Friday, March 24, eight students, including one high school student, completed the first skid steer training course offered at ESCC.

"We're proud to offer this training to our community," ESCC Director of Workforce Development Leigh Shiver said. "This training has helped these students develop the skills they need to be successful in their current job or in finding a great job."

The free training was developed through the Alabama Community College System's Skills for Success program. Students completed online work before receiving hands-on training March 23-24.

Skills for Success is ACCS's rapid workforce training program that launched in early 2022. It was developed in partnership with the state's businesses and industries so the training is aligned with the skills employers say workers need to fill available jobs.

The appeal to trainees — other than getting the skills needed for an in-demand job — is that Skills for Success training is offered at no cost thanks to appropriations from the Legislature and can usually be completed in two to three weeks.

A reason Skills for Success training can be completed so quickly is part of it is offered online, with

self-paced interactive learning that can take place anywhere a student can connect to the Internet. Upon completing the online portion of the course, students then complete hands-on training with qualified instructors and earn an ACCS credential that shows employers they are job ready.

Instructor Tim Williams said these trainings are extremely beneficial to participants, "either to do the career they're already in or to start a new career." He also said there was a demand for trained skid steer drivers, so much so that employers are asking to hire students before they finish the course.

"Every time we've had a class, they've been filled, and there are people that will actually see us when we go out somewhere and try to interview our students while we're on break," he said.

High school student Preston Powell took part in ESCC's training, where he learned how to operate and maneuver skid steers safely, among other skills. He said he was "excited" to see the free training being offered. "As soon as I saw it, I jumped on it and applied for it," he said. "As soon as I got the email to do the online portion, I finished that in a couple of hours. I hope to use this after I graduate high school. If someone needs to run a skid steer or heavy equipment, I've

got the certificate and the knowledge how to do it and do it safely."

Student Charles Newman is interested in working in the construction industry. He said completing training like the Skid Steer class shows initiative to employers.

"This training will help me achieve a certificate," he said. "That way, whenever I go to employers to apply for jobs in the construction industry, I'll actually have the certification to back it up."

More than 2,700 Alabamians have registered for Skills for Success training for jobs in industries ranging from construction and fiber optics to trucking and food and beverage services. To find out more information and view a list of available training courses, visit innovation.accs.edu.

ESCC will hold a second skid steer training class April 6-7. If interested in joining the next class, visit escc.edu/skidsteer.

STATE OF ALABAMA COUNTY OF COFFEE

NOTICE is hereby given that a bill substantially as follows will be introduced in the 2023 Regular Session of the Legislature of Alabama and application for its passage and enactment will be made:

A BILL TO BE ENTITLED AN ACT

Relating to Coffee and Pike Counties and the Twelfth Judicial Circuit; to amend Section 45-16-82.27, Code of Alabama 1975, to further provide for fees related to the pretrial diversion program; and to make nonsubstantive, technical revisions to update the existing code language to current style.

BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

Section 1. Section 45-16-82.27, Code of Alabama 1975, is amended to read as follows:

"§45-16-82.27

(a) An applicant may be assessed a fee when the applicant is approved for the program. The amount of the assessment for participation in the program shall be in addition to any court costs and assessments for victims or drug, alcohol, or anger management treatment required by law, the district attorney, or the court, and are in addition to costs of supervision, treatment, and restitution for which the pretrial diversion admittee may be responsible. Pretrial diversion program fees as established by this subpart may be waived or reduced due to indigency or reduced ability to pay or for other just cause at the discretion of the district attorney. The determination of indigency of the offender, for the purpose of pretrial diversion admission, fee waiver, or reduction, shall be made by the district attorney. A schedule of payments for any of these fees may be established by the district attorney.

(b) The following fees shall be paid by applicants accepted into the pretrial diversion program:

(1) Felony offenses: Up to two thousand dollars (\$2,000).

(2) Driving Under the Influence offenses: Up to two thousand one hundred dollars (\$2,100).

(3) Misdemeanor offenses, excluding traffic: Up to one thousand dollars (\$1,000).

(4) Traffic offenses: Up to four hundred fifty dollars (\$450).

(5) Violations: Up to three hundred fifty dollars (\$350).

(c) In cases where the applicant is not indigent, as determined by the district attorney, in felony cases, fifty dollars (\$50) of the fee, and in misdemeanor and violation cases, twenty-five dollars (\$25) of the fee, for each applicant accepted into the pretrial diversion program, shall be allocated to the Coffee County Circuit Clerk's Office, for offenses filed in Coffee County, and to the Pike County Circuit Clerk's Office, for offenses filed in Pike County. Money allocated to a circuit clerk pursuant to this subsection shall be available for use, at the clerk's discretion, to support the clerk's office operation. These uses may include, but are not limited to, hiring employees, buying needed equipment and supplies, or providing training opportunities.

(d) In cases where the applicant is not indigent, as determined by the district attorney, in felony cases, fifty dollars (\$50) of the fee, and in misdemeanor and violation cases, twenty-five dollars (\$25) of the fee, for each applicant accepted into the pretrial diversion program, shall be allocated to the Coffee County General Fund for offenses filed in Coffee County or to the Pike County General Fund

for offenses filed in Pike County.

(e) In cases where the applicant is not indigent, as determined by the district attorney, in felony cases, fifty dollars (\$50) of the fee, and in misdemeanor and violation cases twenty-five dollars (\$25) of the fee, for each applicant accepted into the pretrial diversion program, shall be allocated to the arresting or ticketing law enforcement agency making the case. Those fees may be used at the agency's discretion to support its operations. These uses may include, but are not limited to, hiring employees, buying needed equipment and supplies, providing training opportunities, or any other lawful purpose.

(f) Except as herein specifically allocated, the district attorney may use fees collected by the pretrial diversion program to fund the pretrial diversion program; for the prosecution of state criminal cases; to help support local and state law enforcement and coroners; for education programs which relate to the prosecution of, detection of, or prevention of crime; or, to benefit any agency or department of state, city, or county government which assists local law enforcement. This support shall be provided to help employ more prosecutors, law enforcement officers, investigators, or staff, buy needed equipment or supplies, provide training opportunities, or for any other prosecutorial or law enforcement purpose.

(g) Except for court costs, which are payable by the applicant directly to the clerk of court, fees required by this subpart shall be collected by the office of the District Attorney of the Twelfth Judicial Circuit in the county and division in which the offense was filed. Those fees collected shall be deposited by the district attorney into the Pretrial Diversion Fund as described in Section 45-16-82.30. The district attorney shall timely make disbursement as provided in this subpart.

(h) The district attorney shall be allowed without further legislative action to raise fees to meet and equal those prescribed by the Alabama Legislature in the event a state pretrial diversion program is enacted after the passage of this subpart. Any state pretrial diversion program may supersede this subpart, but may be construed to require further and additional penalties."

Section 2. This act shall become effective on the first day of the third month following its passage and approval by the Governor, or its otherwise becoming law.

Alabamians need to heed FDA warning on contaminated eye drops

Eye physicians and surgeons in Alabama are urging citizens to heed warnings from the U.S. Food and Drug Administration about eye drops that could be contaminated with bacteria.

Consumers need to stop using products called Delsam Pharma's Artificial Eye Ointment, EzriCare Artificial Tears and Delsam Pharma's Artificial Tears. These are over-the-counter products manufactured by a company called Global Pharma Healthcare Private Limited.

The Centers for Disease Control and Prevention reports that 68 people were diagnosed with infections from the bacteria, which has caused three deaths and eight cases of people losing their vision.

"Redness, pain and discharge are some of the early signs and symptoms of an eye problem, whether you're using these products or not," said Dr. Russell Read with UAB Callahan Eye Hospital. "If you have any of these symptoms or something out the ordinary, immediately contact your eye care provider. This is especially important if you wear contacts, which can make you more prone to infections."

To read the FDA warning, click here: <https://www.fda.gov/drugs/drug-safety-and-availability/fda-warns-consumers-not-purchase-or-use-ezricare-artificial-tears-due-potential-contamination>

Seniors age 60 and older encouraged to get active with Elba Senior Center

Seniors age 60 and older are encouraged to attend the Elba Senior Citizens Center. Along with nutritious meals five days a week, the director works with seniors to help them apply for several programs they may qualify, including Farmers Market Vouchers, HRDC- Energy Assistance, Food Assistance, Medicaid Waiver, Senior Rx Program, Medicare Savings Program, etc. Seniors must be an active participant at the Elba Senior center for the director to sign them up for the qualifying programs.

To become a center participant, attendance is not based on income. This is a social place to come have fun and find or make new friends. If interested in joining the center stop by or call (334) 897-3019. The center is located at 304 N. Factory Ave. (across from the Elba Police Department).

Seniors age 60 and older that cannot come to the center may qualify for meals being brought to their home.

Views From

The Pressbox

By Ricky Mularz, Sports Editor

The Mularz Family headed off to the beach last week for a few days or rest and relaxation, and it was a good time had by all as the girls enjoyed staying next to FloraBama, the grandchildren enjoyed the sand and water, and the grandparents got to babysit our youngest and get in a little walking along the shore. I'm not really a beach person, but I will admit it was a fun couple of days and I think everyone had a good time.

For what it is worth....

*** *The Elba Tigers got rained out last week* at a spring break tournament in Opp, and while the rains did give the team a few extra days off, I still look for the Tigers to come out roaring in the weeks to come and turn the season around. While it is true the Tigers are already out of the playoff picture, they still love the sport and I expect them to post a winning record for the three weeks left on the schedule. *The Lady Tigers took the week off* and will face an almost non-stop schedule the rest of the season as they fight to earn a trip to the beach for the South Regionals. I know it may take the girls a few days to get back settled in, but I still believe their best softball is still yet to come.

*** *It was a quiet week for the teams in the area* as only Kinston was able to get in some games, and the Bulldogs made the most of their opportunities as they swept area foe Houston County to clinch a spot in the playoffs. The Bulldogs got off to a slow start this season, but have begun to look like a winning team in recent weeks and once the playoffs get started they will get the chance to make history.

*** *The high school sports scene* took a few days off last week due to spring break and while it did make it a little hard to find some sports to write about for this week's paper, I am sure the players and coaches needed the break and are enjoying their time off. The baseball season will get back to work with area games as they try to make the post-season party, while the softball teams will also get busy as they begin the final month of the regular season. The seasons may be winding down, but the excitement will be even greater than before and the fans should get to do a lot more cheering for their favorite teams.

*** *The Major League Baseball season* started this week and if you think pro football is just about millionaires playing football, the same can certainly be said about pro baseball players. Forbes released its list of big money players for the upcoming season and while it does include money made from endorsements, the figures are staggering. Angels pitcher Shohei Ohtani will make a cool \$65 million this season, followed in the top five, in order, by Mets pitcher Max Scherzer (\$59.3 million), Yankees outfielder Aaron Judge (\$44.5) million, Mets pitcher Justin Verlander (\$44.3 million) and Angels outfielder Mike Trout (\$39.5 million). While the players atop the big money list at least have a chance to earn some of their money, former Cincinnati Reds outfielder Ken Griffey has been retired for over a decade and is still the Reds fourth highest paid employee with an annual salary of \$3.6 million, due to a deferred payment plan. Since the golfers on the LIV Tour can make millions playing golf in short pants, I guess it is safe to say the sports world has changed since we were kids.

*** *In closing....* I didn't watch much of the NCAA tournaments over the weekend, but did catch the final few minutes of Iowa's win over South Carolina, and while I know the Gamecocks are in the SEC and were looking to add to the glory of the conference, their loss only proved once again that anybody can be beaten on any given night. A look at the men's bracket proved not even the committee knew as much as it thought. So, that is what makes March so maddening.

Spring turkey season underway across the state

Spring turkey season has opened for most Alabama counties.

In 2018, the Conservation Advisory Board passed a motion that set the start date for turkey season as the third Saturday in March each year.

The decision was made to allow as many hens as possible to breed before the males are harvested. Research suggests that slightly delaying the season could have a significant impact on increasing the turkey population. No changes were made to the bag limit, which is one gobbler per day with a total of five during the combined spring and fall seasons.

Hunters are reminded that all turkey harvests must be reported through Alabama's Game Check system either online at twww.outdooralabama.com or through the Outdoor Alabama mobile app. The Outdoor Alabama Mobile app is available at www.outdooralabama.com/contact-us/mobile-apps.

Brantley's Leanna Johnson moves atop career win list in Troy softball

Former Brantley Lady Bulldog softball standout Leanna Johnson added yet another page to her chapter in the Troy University record book last week when she became the school's 'All-Time' winningest pitcher in the history of Trojan softball with a 9-2 win over the University Louisiana-Monroe.

The win was the 94th of her career with the Trojans in 158 appearances and in the win pitched six innings with an earned run average of 1.31, and with the win upped her record this season to an outstanding 17-3.

During her career at Troy, Johnson has been named the 2019 Sun Belt Freshman of the Year, 2019 All-Sun Belt First Team, 2019 NFCA All-Sun Belt, 2021 Preseason All-Sun Belt, 2021 All-Sun Belt First Team, 2021 NFCA All-South Region Second Team, 2022 All-Sun Belt First Team, and 2022 NFCA All-South Region Second Team.

During her freshman season in 2019, Johnson ended the season with 231 strikeouts, 25 victories and seven shutouts, ranking her in Troy's top ten single-season records in all three categories. She posted a 2.19 earned run average over 217.3 innings and

tossed her first career no-hitter against Georgia Southern. She earned Pitcher of the Week honors on April 7 after picking up three wins, including two shutouts, and struck out a team high 15 batters in a win over Appalachian State.

During her freshman season in 2020, Johnson made 19 appearances with 14 starts and posted an 11-3 record. She led the nation in shutouts (7), ranked sixth in strikeouts (137), and ranked ninth in victories (11) and ninth in saves (3). She recorded a 1.71 earned run average, second best in the conference, held opponents to a .153 batting average and etched her name into the number nine spot in Troy's single-season shutouts list. She was the Sun Belt Conference Pitcher of the Week on March 3 after tossing a pair of shutouts and picking up a save.

During her sophomore season in 2021, Johnson was a three-time Sun Belt Pitcher of the Week honoree, ranked 12th nationally in strikeouts (260), 14th in strikeouts per seven innings (7), 22nd in hits allowed per seven innings (4.14) and 26th in victories (21). She led the conference in shutouts, strikeouts and hits allowed, ranked fifth all-

time in Troy single-season wins (21), fifth in strikeouts and eighth in shutouts. The hard throwing right-hander appeared in 36 games, made 29 starts and posted a 21-8 record with a 1.66 earned run average over 181 innings, held her opponents to a .166 batting average, hurled 11 double-digit strikeout performances and tossed a shutout in the NCAA Tournament.

During her junior season in 2022, Johnson posted a 20-12 record inside the circle with a 2.17 earned run average, 242 strikeouts and held opposing batters to a .184 average in 196.2 innings of work. She ranked second in the Sun Belt and 22nd in the nation with her strikeout total, while her 8.6 strikeouts per seven inning game ranked fifth and 51st, respectively. She led the conference and was 21st in the nation with eight shutouts, the fourth most in Trojan history, and took over the all-time shutout lead at Troy with 29. She recorded double-digit strikeouts on nine different occasions, with a season high 15 in a complete game win over North Carolina State. She did not allow an earned run in 16 of her 40 appearances and allowed two or fewer earned runs in 31 outings.

Johnson began her pitching career at Brantley High School, where she led the Lady Bulldogs to four state championships (2014, 2015, 2016, 2018). She was named the Alabama Sports Writers Association 1A Player of the Year in 2015, 2016 and 2018, was named the Gatorade Player of the Year in Alabama in 2018, was named the ASWA Player of the Year in 2018, and was named Miss Softball in Alabama in 2018. She holds school records in career wins (162), career no-hitters (29) career perfect games (6) and career strikeouts (1,714).

She is the daughter of Lisa and Stephen Johnson and is majoring in interdisciplinary studies.

Zion Chapel's Avery Padgett and Ethan Young (pictured, center) received their seventh all-time Freedom Marine Center Contingency Check for \$1,000 on Saturday, March 25th.

Zion Chapel Bass Team wins Freedom Marine Center Contingency award at Saturday, March 25, tournament

Weather always plays a role when fishing; there are easy days and challenging days. The Zion Chapel Bass Team faced a weather delay Saturday, March 25, when they fished Lake Martin; however, the daunting weather cleared and allowed the team to have a productive day of fishing.

With Kyle Padgett as captain, Team Avery Padgett/Ethan Young fished their third tournament on the Alabama BASS Nation

High School/Tiger Trail. They caught their limit of five fish weighing in at 6.88 pounds, which was not a good day for weight, but, as their coach stated, it was a good day for money. For the seventh time, Padgett/Young won the Freedom Marine Center Contingency check for \$1,000. One of the BASS Nation officials commented that Ken Chambers (Freedom Marine owner) is paying for their education at Troy

University.

The ZCBT salutes the Kinston Bass Team, another Coffee County School, for placing in the top ten. This is Kinston's first year competing, and the team was organized by a familiar face, Brian Lassiter. Brian served as captain for the ZCBT in their early years of tournament fishing.

The Zion Chapel Bass Team has often mentioned their sponsors, but they have never named them. This team could not travel and compete in these tournaments without financial support.

The team thanks the following sponsors for the current year: Premier Chrysler Dodge Jeep of Troy, S & C Materials & Paving Inc., K W Plastics, Coastal Plains Land & Timber, Front Porch, Williams Auto Parts, O'Reilly's, Guns R Us, Commercial Door Products, Jones Animal Clinic, Wards Yamaha, The Ward Co., Laser Engraving & Designs, Caylor/Snellgrove Heating & Cooling, and Elba Finance LLC.

Narcan nasal spray approved for nonprescription use

The U.S. Food and Drug Administration (FDA) has approved the Narcan@4 mg nasal spray medication for over-the-counter non-prescription use. Narcan is designed to help reverse the effects of an opioid overdose in minutes. Narcan nasal spray is first naloxone product approved for use without a prescription. In the next few months, Narcan can be sold directly to consumers in locations such as drug stores, convenience stores, grocery stores and gas stations, as well as online. In addition to Narcan, naloxone is available in an injectable form and in other doses. The other formulations and dosages of naloxone will remain available by prescription only. Therefore, the standing order by State Health Officer Dr. Scott Harris will remain in place for naloxone and does not expire.

The standing order allows

pharmacists to dispense naloxone formulations and dosages that are prescription only. Medicaid patients can access naloxone through prescription.

"The Alabama Pharmacy Association applauds the FDA's decision to make this life-saving drug available without a prescription to anyone who needs it," said Louise Jones, APA chief executive officer. "Only the Narcan 4 mg nasal spray version has been approved for over-the-counter (OTC) use. The Alabama current statewide standing order issued by the state health officer will remain in place as the injectable version will still require a prescription. It should be noted that Alabama Medicaid recipients have coverage for the nasal spray, but Medicaid requires a prescription for OTC products. APA, in collaboration with the Alabama Department of Public Health and Alabama Medicaid, has

worked to maintain access for our state's most vulnerable population."

Jones added, "Pharmacists and pharmacy practices across Alabama who have participated in the Naloxone Statewide Standing Order have been, and will continue to be, instrumental in helping patients get access to naloxone, and other supportive therapies to help reduce the risk of an opioid-related overdose. Pharmacies are highly accessible, critical access points that allow patients, caregivers, and families to connect with their trusted pharmacist to learn more about naloxone and the risk associated with opioid medications."

Naloxone information can be viewed at the following website: <https://www.alabamapublichealth.gov/pharmacy/naloxone.html>

If interested in becoming a Master Gardener, contact the Coffee County Extension Office, 334-894-5596, to be added to the list for the next Master Gardener Training.

ANDERSON SPEAKS TO DAR CHAPTER...Dr. Jack Anderson (right) was the featured speaker on "Flags" at the John Coffee Daughters of the American Revolution NSDAR Chapter meeting. Anderson has a large collection of flags he has accumulated over the years, and each one has a very interesting story behind its adoption and when it was flown. The flag shown in the photo is the first "Navy Jack Flag" (1775) and was the naval jack of the United States from 1775 to 1776 and again from 2002 to 2019. It was authorized by the U.S. Navy and was flown from the jackstaff of commissioned vessels of the U.S. Navy while moored pier-side or at anchor. Its design consists of a rattlesnake, superimposed across 13 horizontal alternating red and white stripes with the motto "Don't Tread on Me." Some of the other flags shown and origins explained included the "Benning/Fillmore Flag" (1776), "Flag of the United States" (1777) with 13 stripes and 13 white stars in a blue field; "Bonnie Blue Flag" (1810) Republic of West Florida; "Star Spangled Banner" (1814) with 15 stripes and 15 stars; "23 Star Flag" (1820), which includes Alabama; "Stars and Bars" (1861) flag of the Confederacy; and the current flag with 50 stars 1959 to present day. Also pictured, left, is John Coffee DAR Regent Jacque Hawkins.
